## Welcome Message / Director's Note

**"Shaping the Future Steel Frame of Nation with Commitment and Pride!"**

Dear Aspirants and Parents!

Civil Services is a dream seen with pride by millions of youth in the country. But wise men of the nation has always reiterated "dreams are not which are seen with eyes closed, they are rather which do not let you sleep". In order to turn your dreams in to reality, you need courage, grit and determination. It takes a lot from any individual- be it academic excellence, mental strength, consistent motivation, perseverance and something even beyond , like sacrifice.

We as team when sat to brainstorm about various constraint this younger generation have in their pursuit to dream of civil services, we all agreed that though there are number of institutions who are guiding aspirants in their journey but very few or honestly speaking seldom if ever any institution would have tried to make things holistic and students demand oriented.

We thought that being associated with students and student's life for more than a decade and half, we shall create not just an institution but an ecosystem where an aspirant will not only be trained for exam rather they will live the exam itself, preparation will not be a task but it will be a part of their life itself. This way we can achieve the desired outcome without burdening the students with the associated pressure and competition.

We have meticulously designed the curriculum in such a way that not only focuses on coaching, but understanding each students, living the with every student, leaning with every student, working with every student on their journey.

We as a team have put in some of the finest brains in the fraternity with real life experiences to share the path of Civil Services Exam Preparation. We believe that together with our unique pedagogy we can shape up the future "steel frame of the nation!"

I wish good luck to whole team and great learning path to our students.

Thank You for believing in the idea and Congratulations for take a step forward towards a prestigious career ahead!!

Warm regards,

**Dr. Akhilesh Kr. Khan**
